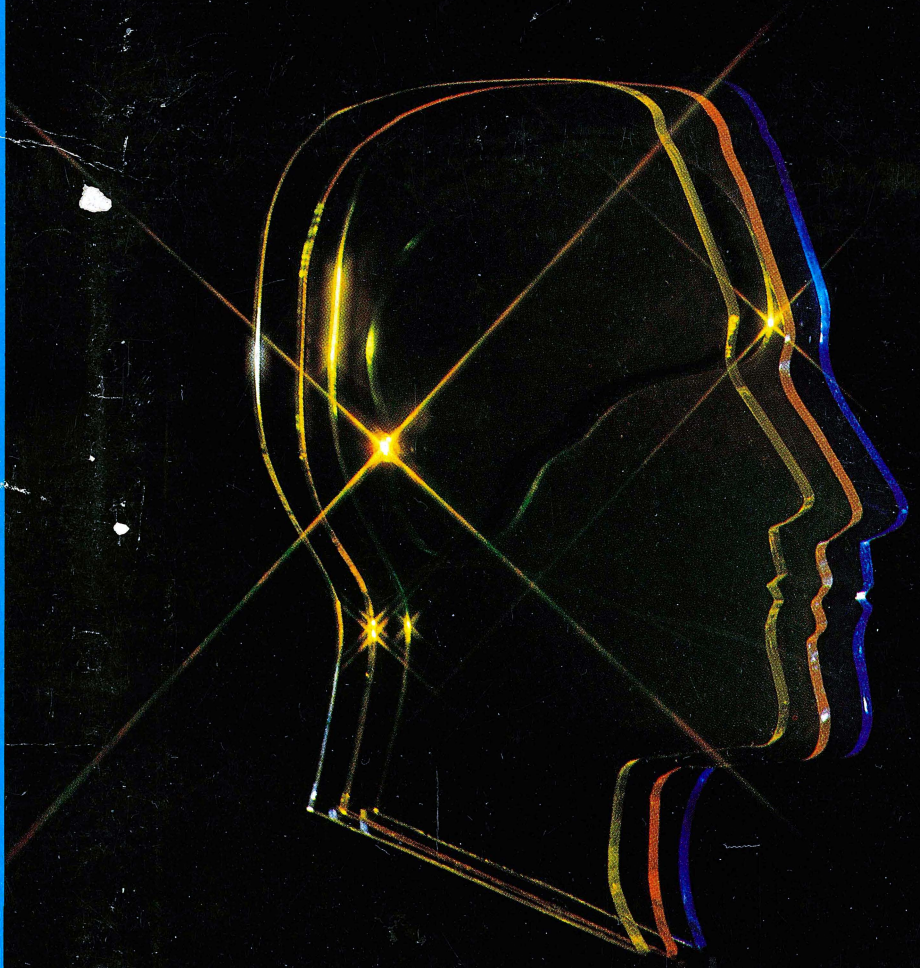
EDU-WARE®

Your personal computer
is the learning alternative.
In today's increasingly complex world,
education is a key to freedom.
If you believe
that the development
of Learning Software
is serious business,
a task demanding rigor
and professionalism...
Welcome to the Science
of Edu-Ware.

ALGEBRA 1

Applesoft, 48K, DOS 3.3



EDU-WARE SERVICES, INC. • P.O. BOX 22222 • AGOURA, CA. 91301

At Edu-Ware Services, a team of experienced professionals is firmly committed to producing educational software of unparalled design and quality.

Today, it is essential that individuals develop and sharpen their problem-solving capabilities. Edu-Ware products are directed at building core intellectual skills — reading, mathematics, and spelling. Edu-Ware is both versatile and rigorous. It finds effective application in the home or classroom, and often may be elegantly tailored to the needs of young, remedial, or adult learners. Edu-Ware's subsidiary line, Interactive Fantasies (IFs), represent a distinct genre in entertainment software. Interactive Fantasies have been designed expressly to foster divergent thinking (creative problem-solving) through the intellectual challenge of role-playing.

Edu-Ware Services, a California-based corporation, was established in 1979, when the microcomputer industry was still in its infancy. Since that time, Edu-Ware and Interactive Fantasies have earned a sound reputation among dealers and end users.

PROBLEMS?

Edu-Ware products are supported after sale by a 30-day Limited Warranty, rapid service, and low-cost updates and replacements.

Should you encounter problems with a system or its operation, feel free to contact an Edu-Ware service representative at (213) 706-0661. If our service staff cannot alleviate the trouble over the phone, you may simply complete the enclosed service form and mail it with your diskette to Edu-Ware's Service Department. If your service requires payment, please include a check or money order.

★★★★★★

Often program errors result from a defective disk drive, not the software. When you do have trouble, compare the operation of several commercial software programs you may own. If the trouble is consistent, consult your computer dealer.

Edu-Ware's warranty is null and void if the user has modified the program, physically damaged the diskette, or obtained the product through an unauthorized or illegal distribution channel.

Edu-Ware Services reserves the right to make improvements in its products at any time, without notice, and to replace any defective products with improved versions. The company is not responsible for the suitability of its products to the user's application; this is the purchaser's responsibility.

Any incidental and consequential damages caused by malfunction or by breach of warranty (expressed or implied) are not the responsibility of Edu-Ware Services, Inc. Such damages are excluded from both property damage and personal injury liability claims. Some states do not allow exclusion of incidental or consequential damages, so the above may not apply to all users.

ALGEBRA 1

Algebra 1 is a powerful computer mediated instructional system, suitable for both adjunct and stand-alone learning in the home or classroom. Five major content areas are developed:

- ★ Definitions
- ★ Number Line Operations
- ★ Sets
- ★ Evaluating Expressions
- ★ Rules for Equation Reduction

This system features total color high-resolution graphics display, including upper/lower case text for maximum clarity. Flow charted "information maps" mark the Learner's progress by designating concepts learned, those still to be learned, and those that were troublesome. The "information maps" also provide a recommended sequence to follow through the five units.

Algebra 1, like all Edu-Ware Systems, employs positive reinforcement. Correct responses are confirmed, while incorrect responses bring a display of the appropriate answer. Provision for cognitive style differentiation encourages the Learner to experiment with "learning styles." Algebra 1's comprehensive documentation illustrates all procedures and explains the system model.

Algebra 1 is the first in a sequence of five independent systems. As skills are fully mastered in one, additional units may be purchased. Other Edu-Ware systems include Compu-Math Arithmetic Skills, Fractions and Decimals.

Designed for Apple II and II-plus computers.
Requires 48K, Applesoft, and DOS 3.3

Edu-Ware products are strongly
supported after sale through a
Limited Warranty,
rapid service, and low-cost
updates and replacements.
